DIVING:

For 26 years, Dive Paradise has provided safe, reliable and fun-filled scuba diving adventures in Cozumel. They've earned the reputation as "The name you know and trust." What's behind their success? Dive Paradise is Cozumel's finest independent dive operator. They offer the island's largest fleet of boats and widest variety of dive trips. According to ScubaDiving.com: "Scan any dive-center calendar and you'll likely find a Cozumel trip planned. It's almost a rite of passage, but also so much more: walls, currents and big animals. Those are just a few of the reasons the destination has mesmerized exploratory types [for years]. [Divers have] discovered anchors and cannons from a Spanish galleon on the northeast coast, plus six caves lined with sleeping sharks. First-timers can target shore dives and shallower stretches along the wall. [More advanced divers should] ask about the sharks, the veins of tunnels running through the walls and windward-side diving — **We had so much fun last year we are going back for more.**
