

Come Camping with Gulfport Dive Center!

December 1-2, 2018

Price: \$115 (includes admission to both venues, 4 air tanks, camping fee, dinner and breakfast)

Gulfport Dive Center is going camping! We will be tent camping at Devil's Den in Williston, Florida. We're doing two afternoon dives on Saturday at Devil's Den and camping overnight. Sunday morning, we will finish by doing two dives at Paradise Springs. If you are interested in doing a night dive at Devil's Den, please inform the shop when you sign up for the trip, as we need a minimum for the night dive.

Devil's Den has a max depth of 54 feet, and is 72 degrees all year. The spring has an inverted mushroom shape with many smaller, swim-through areas. With crystal clear water, ancient rock formations with stalactites, fossil beds dating back 33 million years, and much more, you're guaranteed to leave with memories that will last a lifetime!

Paradise Springs is also 72 degrees and has a solid permanent line leading deeper into the overhead environment. This guideline will lead down a large shaft to a small room at approximately 99 feet. Most surface light will be lost at this point but the surface light glow is still visible most of the time at the 99ft. The huge cavern area with prehistoric fossils embedded in the walls makes every dive interesting and enjoyable.

If you are interested in completing the SSI Night and Limited Visibility or Deep Diving Specialty, we can complete your dives on this trip!

Dinner on Saturday and breakfast on Sunday will be provided. Please bring your own tent for lodging.

Important items to bring:

- Dive gear (including lights, batteries, chargers, cameras, spare parts)
- Camping items
- Your fun self!
