

Jupiter and Sharks

February 16-17, 2019

Price: \$205 (tanks not included)

Options: Nitrox AL80 (all 5 dives) – 82.50

SSI Nitrox Course (call GDC for schedule) – 175.00

Jupiter's proximity to the Gulf Stream Current makes it one of the most highly diversified marine ecosystems in the world. Your experience will be like no other!

Saturday, February 16: Want to see a lot of sharks? Emerald Charters knows how to find them. We will leave out of Jupiter at 8:00am for a 3-tank boat dive. We may see Bull Sharks, Hammerheads, Tigers, Lemon Sharks and more. They have even spotted Whale Sharks and Manta Rays! Dives will be around 80-90 feet, so you will need Deep Diving and Nitrox certifications. A gourmet box lunch will be provided on the boat. We will return to the marina around 3:00pm

Sunday, February 17: As if Saturday's dives weren't enough, we will do another 2-tank drift dive out of Jupiter Sunday morning. Dive into the warm tropical water off Palm Beach County. Jupiter Dive Center's two 40-foot dive boats, Republic IV and Republic VII ensure a comfortable trip to the dive sites. Expect to see lush coral reefs, diverse marine life, and maybe some more large aquatic animals! We will return by 1:00pm

Trip price does not include lodging, transportation, boat crew gratuities or any diving equipment. Non-refundable unless cancelled by dive center. Must call Gulfport Dive Center to pay and reserve your spot. 727-498-8702
